- Pure Jamaica offers express PCR testing (12-Hours) at a cost of \$27,000. They also offer home visit PCR testing at a cost of \$30,000 (results in 24-Hours); the cost of express PCR Results for home visits (12-hours) is \$33,000.
- Technological Solutions offers express PCR results (under 24-hours) at a cost of \$37,500 (250 USD). A Covid-19 Antibody Test is also offered at a cost of \$8,500; with a 24-hour turn-around time for results.
- No price data was obtained from this facility.
- Discounted cost for summer is \$6500. Promotion ends in September.
- This publication will be updated periodically when verified price data becomes available.
- List of approved laboratories obtained from MoHW website; accredited lab and pre-accredited medical entities obtained from the JANAAC website.
- Telephone verification obtained for all prices.

**CONSUMER AFFAIRS COMMISSION COVID-19 SURVEILLANCE**

Since March 2020, the Consumer Affairs Commission (CAC) has increased its surveillance of consumer products whose demand and supply have been impacted by the global pandemic. The products include basic food items, sanitation & hygiene products, computer equipment, banking fees and petrol products. The passage of the Trade (Sale of Goods During Period of Declaration of Disaster Area) Order 2020, in March 2020 has empowered the CAC to conduct investigations into cases of price gouging as defined by the legislation. The current investigation focuses on the difference in the prices of SARS-CoV-2 testing in Jamaica. While the Commission is aware that various providers conduct PCR and antigen testing at various prices, we have provided the prices of these tests at Approved / Accredited /Pre-accredited laboratories and other medical facilities. Consumers are advised to report to the CAC, any excessive pricing observed in the marketplace.
